

Final Notification
The Result of Walking and Cycling Challenge
Climate Diplomacy Week 2020

Today, Thursday on the date of 5 November 2020, The Judge Council of Walking and Cycling Challenge Climate Diplomacy Week 2020, by:

Considering:

1. It is known that people are depended on utilizing motor vehicle for their mobility for many years, even though just short destination with approximately for 100 m or 300 m, at least below 1 km, such as go traditional market, mosque, church, kinder garden, school, etc. Many and various programmes have been developed and implemented well, and success, even though still cannot achieve on optimizing of walkability and cycle-ability cities, as well s people willingness to walking and cycling.
2. Blessing in disguise of pandemic Covid-19 tend to create momentum, which people back to utilize non-motorized mobility: walking and cycling; with the intention to avoid spreading of virus outbreak in pandemic Covid-19 situation. Today, people are excited on walking and cycling for their mobility. It is a great momentum in relation to revive urban non-motorized mobility with walkability and cycle-ability cities, as is it in the past in the years before 1970s. So, it is timely to have synergy to improve related infrastructure, regulation, as well as socio-engineering to welcome reviving urban non-motorized mobility with walkability and cycle-ability cities, as new trend in the post pandemic.
3. Needs to promote low carbon urban mobility in collaboration EU Climate Diplomatic Week, to revive non-motorized mobility: walking and cycling, a post pandemic lifestyle with low carbon footprint, and to raise people awareness on reviving non-motorized urban mobility as the way to stop spreading virus outbreak of pandemic Covid-19, as well as a new trend of post pandemic urban mobility with the goal to implement low carbon mobility.
4. The Walking and Cycling Challenge gives chance for public to prepare their participation (walking and or cycling challenges) until 2 November 2020, then participants were suggested to upload their challenges by themselves to the social media and tagging to the account of Walking and Cycling Challenge team, and register to link belong the team **with deadline 2 November 2020 at 19.00**. Then, the Judge Council took assessment to all of participants with total 331 participants from the whole countries (157 is walking challenge, and 174 is cycling challenge) on 4-5 November 2020 base on scoring index that are taken from walking/cycling purpose and the most excited/attractive challenge in the social media.
5. Needs to be decided the winners and for 25 participants, each of walking and cycling challenges participants, plus hope winner of 50 participants of both walking and cycling participants, that is decided refer to the scoring index as the table below.
